PIPELINE ROBOTS

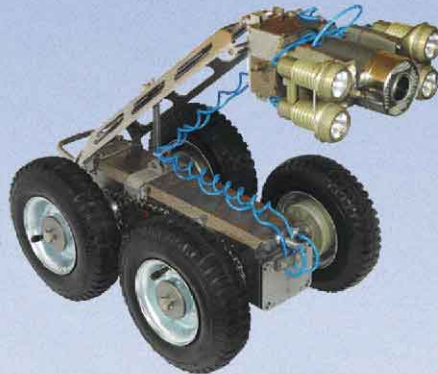

2, av. Marshala Zhukova, Moscow, 123308, Russia. Tel: +7 095 191 1586, Fax: +7 095 191 2481, Website: www.taris.ru Email: taris@taris.ru

P-100 CCTV Robotic System
CCTV inspection for pipelines
from 90 mm to 900 mm in diameter

Portable push-rod CCTV system
CCTV inspection for pipelines
from 35 mm to 400 mm in diameter,
chimneys, air ducts and ways,
wells and other civil facilities

P-200 CCTV Robotic System
CCTV inspection for pipelines
from 150 mm to 1800 mm in diameter

Packer

Sealing defects (cracks, breaks, leaks) in
pipelines from 200 mm to 900 mm in diameter
by inside sleeve installation methods

Well's Video camera
CCTV inspection for wells up
to a depth of 400 meters

**Well's Video camera
with pan and rotate unit**
CCTV inspection for wells down
to 400 meters in depth

C-200 CCTV Robotic System
CCTV inspection and cutting works for
pipelines from 200 mm to 600 mm in diameter

W-400 Floating Module (pontoon)
CCTV inspection for partially
filled drain pipelines
from 400 mm to 3500 mm
